15.	Adjournment – discussion with new members

President's Report April 2025

Team,

With a couple of months behind us since our last meeting there is much to be proud of, and much to be accomplished still.

We have seen some progress on Stratly, and have benefited a total of just under \$1000 through the online donation portal since launching it in the Fall of 2024. The amazing thing to consider here is that these donations have not been solicited in any way, have not been part pf any campaign, and are 100% Canadian-Organic. Well, technically one donation was made by a Canadian while in the US.

The Society has been very active in ensuring our building is not only sustained but constantly improving, and setting new standards. Our new tenants are also enjoying the use of our mess-deck space and the Society is enjoying the generated revenue, taking the heat off the Branch.

The weather is a great reminder that will soon see boats in the water, ACRs and everything that comes with the season. We will wish to ensure that we do our best to connect with the community and community organizations in the coming months. My hope is to fill the seats at our ACRs with not only proud parents, but proud community leaders and supporters. Who's with me?

With gratitude,

Scot
